

5. Ecosystem Graphic

The pitch architecture is a hub-and-vertical system: Master Oscar is the local AI OS; GOAT Royalty, Ultimate Bourré Casino, Halito Chat, Anigo Alley, crew agents, and training engine become owned product surfaces and data loops.

6. Verified Local Asset Footprint

The following evidence was collected from the local machine and Oscar drive during EPK preparation. It is not a claim of commercial traction; it is proof of asset depth and local build momentum.
