

11. Use of Funds

Use of Seed Funds

Recommended target: \$2M-\$2.5M seed with \$12M-\$18M pre-money case once the IP packet is documented.

Bucket	Budget on \$2M	Specific outputs
Product polish + UX	\$560k	Unified Oscar home, installer, app navigation, proof workflows, mobile-friendly surfaces.
Reliability, evals, QA	\$440k	Test harness, tool audit logs, crash recovery, model routing, prompt/eval scorecards.
Installer + deployment	\$360k	Mac/Windows/Linux/Android packaging, docs, backups, local model setup, update flow.
Pilot acquisition	\$340k	Founder-led demos, proof videos, EPK/site, outreach, pilots, customer success loop.
Compliance + IP/security	\$200k	Data handling, Ultimate Bourré trademark/rule packet, privacy posture, casino boundaries, gaming counsel, AI safety documentation.
Ops buffer	\$100k	Contingency, admin, equipment, hosting, legal/accounting support.
