15. Ultimate Bourré Data-Room Evidence

The SCCG term sheet should be used as private diligence evidence, not as a public disclosure of deal economics. It supports two points: serious third-party interest existed, and declining preserved control of the casino/IP wildcard.

Evidence item	Investor-safe use
SCCG non-binding term sheet	Proof of inbound strategic interest; keep exact economics private unless approved.
Trademark packet	Serial/registration, owner entity, classes, and chain-of-title proof.
Rules/control memo	Explain what is owned, protectable, differentiated, and defensible.
Gaming counsel memo	Sweepstakes/social-casino/play-money path, age gating, responsible-play, state-by-state limits.
